- (c) Correspondence from the City of Timmins (concerning the Canadian Forestry Industry and unencumbered free trade); the Federation of Urban Neighbourhoods (Ontario) (concerning the OMB and other resolutions); Town of Kapuskasing (concerning petitioning the government to take steps to protect the forestry and lumber industry); the City of North Vancouver (concerning a municipal proposal for ratification of the Kyoto Protocol); the City of Brockville (concerning petitioning the government to amend legislation to permit municipalities to accept donations derived from lottery events); the City of Woodstock (concerning petitioning the government to increase the Minimum Wage in Ontario); the Town of Markham (concerning Bill 124 - Proposed Amendment to Section 41 of the Planning Act - Site Plan control); was received by Council.

Moved by - Councillor D.Orazietti

Seconded by - Councillor F. Manzo

Whereas as Canadians who entered into a North American Free Trade Agreement we understood that this meant there was unencumbered free trade between Canada and the United States;

Whereas the softwood lumber agreement between Canada and the United States expired on March 31, 2001 and the U.S. Department of Commerce has subsequently implemented anti-dumping and countervailing duties totalling 27.22% on Canadian softwood lumber;

Whereas the 27.22% tariffs effective on May 23, 2002 will result in an estimated \$3 billion paid directly to lumber barons in the U.S. every year;

Whereas on three separate occasions over the past 20 years similar U.S. claims that Canadian softwood lumber is subsidized were found to be unsubstantiated;

Whereas Canada over the past year has sought a durable, long-term solution to the softwood lumber dispute through negotiations with the U.S. and the U.S. has rejected all proposals presented;

Whereas the forest industry contributes \$34 billion in trade and \$9.5 billion in taxes to Canada annually and 1200 communities depend substantially on this trade and 350 communities rely entirely on the strength of the forest industry for their prosperity;

Whereas the impacts of these tariffs are also affecting American consumers wanting to build affordable housing and to renovate their homes;

Whereas the result of this trade dispute could impact the trade of other Canadian commodities such as energy, agricultural products and steel;

Be It Resolved that the Federal and Provincial/territorial governments recognize that the Canadian Forest Industry must have unencumbered access to the U.S. market and therefore governments must pursue all avenues of activity to provide sure access including dialogue and discussions as well as legal avenues through the WTO and NAFTA;

Be It Resolved that the Federal Government work closely with, and support, the provinces/territories to ensure that all parties remain united in reaching a long-term solution that recognizes unrestricted free trade and that as Canadians we must stand united to not fall prey to U.S. protectionism; and

Be It Further Resolved that this resolution be communicated to our Member of Parliament, the Prime Minister, the Minister of International Trade, federal opposition leaders, and the Federation of Canadian Municipalities.
CARRIED

(z) **Nuisance Bears**

The report of the Chief Administrative Officer was accepted by Council.

Moved by - Councillor P. Vaudry

Seconded by - Councillor D. Oraziatti

Whereas several years ago the Province of Ontario downloaded to municipalities amongst many other responsibilities, the obligation to control nuisance bears within municipal boundaries; and

Whereas the number of encounters and sightings of bears in residential neighbourhoods has increased by alarming numbers over the last few years with this year's statistics showing a staggering number of bear calls for Police and the City's contracted control officer; and

Whereas the City's Chief of Police on July 5, 2002 has requested the Minister of Natural Resources, the Honourable Jerry Ouellette for both financial support and exemption from provisions of the Fish and Wildlife Conservation Act to allow for a controlled cull of the City's bear population at the City's landfill site;

Now Therefore Be It Resolved that City Council supports the request of Chief Davies as set out in his July 5, 2002 letter and strongly urges the Minister of Natural Resources to take immediate and effective action which would allow the City the needed "tools" to effectively carry out this downloaded obligation of nuisance bear control, or in the alternative, that the Ministry of Natural Resources accept immediate responsibility for this problem and any consequences that might flow therefrom. CARRIED
